Born in Brasil... made in France

Born in Brasil, made in France

Originally « Futebol de prego » or « futebol de pino », a popular game found in Brazil and mostly hand crafted, Fingabol keeps its spirit but revisits entirely its conception with robust and noble materials: solid lacquered sustainable wood, custom-made stainless steel parts, recyclable packaging... entirely manufactured in France and manually assembled in our atelier in Paris. A high-end manufacture that provides not only a beautiful object, both timeless and appealing, but also a really fun game!

Here & now...

This is the true spirit of Fingabol!
Fingabol provides everyone a brand new entertainment experience and an immediate pleasure. You will enjoy this game a a present moment, here and now (« aqui e agora ») as the famous Brazilian dictum says.
